

TAKE THE ENVISION CHALLENGE

Compare Envision’s accuracy to your current predictive model vendor, or simply try it before you buy. No risk. No obligation. No cost.

Just four quick and easy steps: *(total time: 3-5 weeks)*

#1	Exchange Data <ul style="list-style-type: none">• 3-5 Years Enrollment Pipeline Data• AES 256bit Data Encryption	To ensure the security and privacy of your data Capture will sign a data security agreement. All data is exchanged via a secure sFTP site. The dataset should be identical to the one provided to your current model vendor.
#2	TrafficLight Report <ul style="list-style-type: none">• In-depth analysis on the 6 dimensions of data quality• Actionable steps to enhance model performance	If any data issues are identified by TrafficLight we will work with you to resolve them prior to using Envision. In cases where the data quality is insufficient we will not continue with the Challenge.
#3	Model Presentation <ul style="list-style-type: none">• Transparent results: know model performance before you buy• Compare results with your current model provider	Capture will provide a summary of the model run accuracy statistics, an analysis of how they compare vs. your existing vendor, and a sample of student-level results.
#4	Proposal Development	Envision is the ideal companion to a range of cutting edge enrollment solutions that Capture offers and we'll tailor these solutions to fit your needs.
